

## PRESENTATION OF SCIENTIFIC WORK

1. The scientific work to the CLASA-Uruguay Congress will be presented in the form of electronic posters during the congress.
2. All entries must be original and exposed by their authors. Can be written in Spanish or Portuguese.
3. The same work may be submitted to one of the categories of posters or to the José Delorme Prize of CLASA, complying with the specific regulations of each of them.
4. In the official program of the Congress, the poster session item will be included: title of the work, author (s), Institution and country of origin.
5. The title explicitly indicates the subject of the work, composed of key words that facilitate its classification, without abbreviations, in capital letters and bold. If the title includes a subtitle, use a second, lowercase, bold line.
6. The abstract should be sent to the Scientific Committee of the Congress, by e-mail: [comitecientifico@clasauruguay.uy](mailto:comitecientifico@clasauruguay.uy). **The deadline for presentation of the same will be July 9, 2017.**
7. It must be written in one of the two languages mentioned.
8. The same must have a maximum of 250 words, the typography must be Tahoma or Arial. It should state the objective of the work and the importance of the subject and will include methodology, results, discussion and conclusions.
9. Each SUMMARY will bear the first and last name of the author (s), in another line, Institution and country where the work was done. The responsible author must be listed at the bottom of the page, to whom the correspondence should be addressed and include his / her e-mail address.
10. Numbers below ten, will be written in letters the other in numbers, except at the beginning of a sentence where all will be written with letters.
11. Abstracts can not be used in abstracts of works except those accepted internationally.
